#### STATEMENT OF WORK

NOTE 1: The use of Commanding Officer means: Commanding Officer, or a designated representative, e.g., Command Representative or Department Head.

NOTE 2: The terms “contractor” and “health care worker” are synonymous and mean the individual identified in block 7 on the SF26 who is providing services under the Contract.

NOTE 3: The term “MTF” refers to the Military Treatment Facility at which services are performed.

#### 1. STATEMENT OF WORK.

1.1. The health care worker (HCW) shall provide, in accordance with this statement of work, comprehensive Medical Assistant services in the Naval Hospital Okinawa, Japan and its Branch Medical Clinics.

1.2. During the term of the Contract the HCW agrees to provide, on behalf of the Government, the services of a Medical Assistant for treatment of active duty military personnel, their dependents, eligible Navy civilian employees, and other eligible beneficiaries, in accordance with the terms and conditions of the Contract.

1.3. While on duty, the HCW shall not advise, recommend or suggest to individuals authorized to receive services at Government expense that such individuals should receive services from the HCW when he or she is not on duty, or from a partner or group associated in practice with the HCW, except with the express written consent of the Commanding Officer. The HCW shall not bill individuals entitled to those services rendered pursuant to the Contract.

1.4. The HCW shall be physically capable of standing for extended periods of time and capable of normal ambulation.

1.5. The HCW shall comply with Executive Order 12731, October 17, 1990, (55 Fed. Reg. 42547), "Principles of Ethical Conduct for Government Officers and Employees" and shall also comply with Department of Defense (DoD) and Department of the Navy (DON) regulations implementing this Executive Order.

1.6. Suits arising out of Medical Malpractice. The HCW is serving at the military treatment facility under a personal services contract entered into under the authority of section 1091 of Title 10, United States Code. The HCW is not required to maintain medical malpractice liability insurance. In the event of a claim or lawsuit relating to the HCW's performance of duties under the contract, the parties shall follow the procedures established in SECNAVINST 6300.3A, a copy of which can be viewed at <http://doni.daps.dla.mil/default.aspx>.

1.6.1. The HCW providing services under the Contract shall be rendering personal services to the Government and shall be subject to day-to-day supervision and controlled by Government personnel. Supervision is the process by which the individual HCW receives technical guidance, direction, and approval with regard to a task(s) within the requirements of the Contract.

1.7. Except as provided in this clause, the HCW is not prohibited from conducting a private practice of their professions or from engaging in other employment. However, the HCW shall not, simultaneously with performance under the Contract, engage in other employment that creates a conflict of interest, violates federal law or potentially compromises the quality of their work under the Contract. Further, such private practice or other employment shall not be conducted during those hours in which the HCW is required to render services under the Contract. The HCW shall make no use of the Government facilities or property provided under the Contract in connection with other employment. (NAVMED P-117, Chapter 1, Article 1-22 applies (<http://www.med.navy.mil/directives/Pages/NAVMEDP-MANMED.aspx>)).

1.8. The HCW shall be neat, clean, well-groomed and in appropriate clothing when in patient care and public areas. All clothing shall be free of visible dirt and stains and shall fit correctly. Fingernails shall be clean and free from dirt, and hair shall be neatly trimmed and combed. HCWs shall display an identification badge, which includes the HCW's full name and professional status (furnished by the Government) on the right breast of the outer clothing. Security badges provided by the Government shall be worn when on duty. In addition to the identification badge, the HCW shall self-identify as a Contractor in all meetings, telephone conversations, and formal and informal written correspondence with Government personnel.

1.9. The HCW shall read, write, speak and understand the English language fluently.

1.10. The HCW shall arrive for each scheduled shift in a well-rested condition and shall have had at least 6 hours of rest immediately prior to reporting for the shift.

1.11. The HCW shall become acquainted with and obey all station regulations; shall perform in a manner to preclude the waste of utilities, and shall not use Government property for personal business. All motor vehicles operated on these installations by the HCW shall be registered with the base security service according to applicable directives. Eating by the HCW is prohibited in patient care areas and is restricted to designated areas. Smoking is prohibited in all facilities; the HCW shall comply with the rules and regulations of the MTF.

1.12. The HCW shall comply with all MTF checkout processes. These processes include returning Government property, i.e., identification badges, pagers, cellular phones, etc., to the MTF upon the HCW's last day of service. Failure to do so promptly may result in delay of payment of the final invoice.

1.13. All financial, statistical, personnel and technical data which is furnished, produced or otherwise available to the Contractor during the performance of the Contract are considered confidential business information and shall not be used for purposes other than performance of work under the Contract. Such data shall not be released by the Contractor without prior written consent of the Command Representative. Any presentation of any statistical or analytical materials, or any reports based on information obtained from studies covered by the Contract, will be subject to review and approval by the Command Representative before publication or dissemination.

1.14. The Secretary of the Navy has determined that the illegal possession or use of drugs and paraphernalia in a military setting contributes directly to military drug abuse and undermines Command efforts to eliminate drug abuse among military personnel. The policy of the Department of the Navy (including the Marine Corps) is to deter and detect drug offenses on military installations. Measures to be taken to identify drug offenses on military installations, and to prevent introduction of illegal drugs and paraphernalia, include routine random inspection of vehicles while entering or leaving with drug detection dogs when available, and random inspection of personal possessions on entry or exit. If there is probable cause to believe that a HCW has been engaged in use, possession, or trafficking of drugs, the HCW may be detained for a limited period of time until he or she can be removed from the installation or turned over to local law enforcement personnel having jurisdiction. When illegal drugs are discovered in the course of an inspection or search of a vehicle operated by a HCW, the HCW and vehicle may be detained for a reasonable period of time necessary to surrender the individual and vehicle to appropriate civil law enforcement personnel. Action may be taken to suspend, revoke, or deny installation driving privileges. Implicit with the acceptance of the Contract is the agreement by the HCW to comply with all Federal and State laws as well as regulations issued by the Commanding Officer of the military installation concerning illegal drugs and paraphernalia.

1.15. Due to the nature of medical personal services which require Government supervision, there is a need for HCW access to CHCS/AHLTA for patients that present only at the MTF, the Contract does not lend itself to allow the HCW to telecommute.

1.16. Comply with the standards of the Joint Commission, applicable provisions of law and the rules and regulations of any and all Governmental authorities pertaining to licensure and regulation of health care personnel and medical treatment facilities, the regulations and standards of medical practice of the MTF and the bylaws of the hospital's medical staff. Adhere to and comply with all Department of the Navy, Bureau of Medicine and Surgery and local Clinic instructions and notices that may be in effect during the term of the Contract.

1.17. Covered individuals shall be required to maintain minimum essential Health Care coverage under the Patient Protection and Affordable Care Act. Such coverage will not be available through this contract, and therefore must be obtained independently. Failure to obtain such coverage may result in penalties as stated in the Act.

## 2. DUTY HOURS.

2.1. The HCW shall be on duty in the assigned clinical area for 40 hours each week between the hours of 0500 and 2200. The HCW shall normally be scheduled for an 8.5 or 9 hour period (to include an uncompensated .5 or 1 hour meal break depending on shift length), Sunday through Saturday including federal observed holidays. Specific hours shall be scheduled one month in advance by the Commanding Officer. Any changes in the schedule shall be coordinated between the HCW and the government.

2.2. When required, to ensure completion of services that extend beyond the normal close of business, the HCW shall remain on duty in excess of the scheduled shift. The HCW will be given an equal amount of compensatory time to be scheduled upon mutual agreement of the HCW and the Commanding Officer. This provision is not intended to apply to the time required to complete routine tasks (e.g., completion of paperwork or routine administrative tasks at the end of a shift), which are to be completed as part of the shift.

2.3. The HCW's services shall be required on federally observed holidays. The HCW shall be compensated for federally observed holidays in accordance with paragraph 3.5., below.

2.4. The Commanding Officer or designated government representative will supervise the HCW.

### 3. ABSENCES AND LEAVE.

3.1. Planned absences from assigned duties shall be requested with 15 working days advance notice, in writing, to the Commander. Eight (8) hours of personal leave are accrued by the HCW at the end of every 80 hour period worked. The HCW shall be compensated by the government for these periods of authorized planned absence. This leave shall be used for both planned (vacation) and unplanned (sickness) absences.

3.2. Unless otherwise negotiated between the Contracting Officer, the Supervisor and the HCW, the MTF will administer the HCW's leave in accordance with the guidelines for Federal civil service employees. These guidelines relate to, among other topics, annual leave, administrative leave, Leave Without Pay (LWOP) and holidays.

3.3. If the HCW is absent for three or more consecutive days due to illness, he or she may be required by the Commanding Officer to provide written documentation from a qualified health care provider that he or she is free from communicable disease and the cause of the HCW's current illness. The Government reserves the right to examine and/or re-examine any HCW who meets this criterion.

3.4. At the discretion of the Commanding Officer, up to 80 hours of accrued leave may be carried over from one performance period to the next, as long as the balance carried over is used within 90 days of the new performance period. This contingency for leave carry over does not apply if the following option period is not exercised by the Government or during the last option year of the Contract. This position is for a period beginning from the start date with options to extend the Contract for a total of three years. The Contract will be renewable each year at the option of the Navy. If the Contract is terminated, there will be no reimbursement for any accrued leave balance. In the event that the HCW gives notice of employment termination, all accrued annual leave must be used within that notice period, or forfeited. Unplanned leave (i.e. leave taken for sickness) taken during this period shall be supported by a physician's statement of illness upon request.

3.5. The HCW will also receive a paid holiday benefit. If additional holidays are created as a result of an Executive Order, the benefit will also be extended to the HCW. The Government will compensate the Contractor for the number of hours the HCW is normally scheduled to work on the day on which the holiday is observed. If the HCW is not normally scheduled for duty on the day a holiday is observed, the HCW will not be compensated for the holiday. For example, if the HCW works 10 hours per day, Tuesday through Friday, the HCW will not receive compensation for a Monday holiday, since the HCW is not normally scheduled to work on Mondays.

3.6. The HCW with a bona fide medical emergency occurring while on duty or with an on-the-job injury will be provided stabilizing medical care according to the procedures of the MTF. The HCW will reimburse the Government for all medical services provided unless the HCW is otherwise entitled to Government medical services.

3.7. Continuing Education. The Commanding Officer may also grant authorization for planned absences to allow the HCW to attend continuing education courses. This is in addition to the planned and unplanned absences specified above. The Government may compensate the HCW for these periods of authorized absence if the continuing education course(s) are determined to be a necessary expense by the government. This determination will be made on a case by case basis, weighing the costs associated with the training of Contractor personnel against the benefit gained by the Government in support of the appropriation that will incur the expense. This compensation will not exceed 40 hours per Contract period, equivalently apportioned for part-time services and/or partial year performance periods. The Commanding Officer may also advance leave for continuing education.

3.7.1. Unless authorized in advance, the Government will not reimburse the HCW for the cost of any training and/or other related expenses (travel). If authorized, the Contractor shall be compensated for those expenses deemed reasonable using a Travel/Training Contract Line Item Number (CLIN) in Section B. The HCW shall provide proof of attendance and successful completion of continuing education to the Commanding Officer upon request.

3.7.1.1. The HCW shall submit an invoice in accordance with Wide Area Work Flow (WAWF) instructions itemizing expenses in amounts allowable by the Command Representative. (See Section G.)

3.7.1.2. All reimbursements will be retrospective and payable only upon presentation of a properly prepared invoice (as specified by the facility) to the Command Representative. The Government shall reimburse the HCW only for actual training costs incurred and any authorized travel expenses deemed reasonable.

3.7.1.3. The Government reserves the right to require additional documentation, including memoranda from the HCW obtaining the training.

3.7.1.4. Such training shall not be conducted prior to the appropriate funding being applied to the Contract.

3.8. Military Reserve Duty. During MTF check-in processing, the HCW shall report their reserve status to the MTF Command Representative. Documented military leave for military reservists may be allowed, not to exceed 15 days per fiscal year, in accordance with 5 U.S.C. 6323(a). This leave may be taken intermittently, i.e., 1 day at a time, and may be carried over into the next fiscal year provided an additional option period under the Contract has been exercised. Military reservists who perform full-time military service as a result of a call or order to active duty in support of a contingency operation may take up to 22 days per calendar year of military leave, in accordance with 5 U.S.C. 6323(b). If leave is approved, it will be provided on a prorated basis for periods of performance less than 12 months in the fiscal year. Documented military leave taken in accordance with 5 U.S.C. 6323(a) and (b) is compensated leave. HCWs shall follow the policy of the MTF with respect to notification of scheduled military duties to the Commanding Officer.

3.9. For unusual and compelling circumstances (e.g., weather emergencies) in which the Commanding Officer either excuses all facility personnel from reporting to work or dismisses all personnel early, the Commanding Officer is authorized to grant administrative leave to the HCW. This administrative leave may be compensated leave.

3.10. Furlough. Except as otherwise provided in this paragraph or unless specifically authorized in a DoD Appropriations Act or a continuing resolution, the obligation of the Contractor to perform services under the Contract, and the Government's obligation to pay for such services, shall be suspended during a Government furlough. In the event of a Government furlough, the Commanding Officer will determine which Contractor employees are considered "essential" and therefore must report to work. Only Contractor employees deemed "essential" by the Government shall be compensated for services rendered during a furlough. All other Contractor employees will be furloughed until the Government shutdown ends or the Command Representative notifies them that they have become "essential" employees.

The requirements are provided on the HEALTH EXAMINATION AND IMMUNIZATION/SCREENING REQUIREMENT FORM, the current version of which is available at: <http://www.nmlc.med.navy.mil/handbooks/Physical%20Exam%20and%20Immunization%20Form.pdf>. The Contractor shall always obtain the current version from the web page and shall have the form completed in its entirety in accordance with its instructions. The facility shall identify any incumbent HCWs who are not required to complete this documentation after Contract award. Declinations shall only be permitted based on either the HCW's religious convictions or medical contraindications (as documented by a qualified health care provider). The Hepatitis B vaccine declination can be found on the World Wide Web at <http://www.osha.gov/SLTC/etools/hospital/hazards/bbp/declination.html>.

6.2.1.1.4. If the HCW fails to comply with the applicable schedule above, the Contract may be terminated if so directed by the Contracting Officer.

6.2.2. Except as provided in paragraph 6.5.3 or 6.5.4 below, or unless the HCW is otherwise entitled to Government medical services (e.g., an eligible beneficiary), no medical tests or procedures required by the Contract may be performed in the MTF. Expenses for all required tests and/or procedures shall be borne by the Contractor at no additional expense to the Government.

6.2.3. If the HCW is determined to have a low risk of exposure, no further screening or testing is required under this Contract. The initial screening may be waived, at the discretion of the MTF, if the Contractor provides evidence of a prior low risk assessment by a licensed physician. If the initial screening results in a determination that the HCW has an increased risk of exposure to TB, the Contractor is responsible for ensuring that the HCW receives targeted screening and testing in accordance with CDC Guidelines for Health-Care Settings and submitting timely records of subsequent screening or testing to the Command Representative .

6.2.7. BLOODBORNE PATHOGEN ORIENTATION PROGRAM. The HCW shall participate in the Command's Blood borne Pathogen Orientation Program. (h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [ \_\_\_\_ ] Are, [ \_\_\_\_ ] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [ \_\_\_\_ ] Have, [ \_\_\_\_ ] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals. Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

### **SPECIAL CONTRACT REQUIREMENTS**

#### HEALTHCARE WORKER BACKGROUND INVESTIGATION REQUIREMENTS

(a) Healthcare Worker Requirements: Within 30 days after contract award, the healthcare worker shall provide all reasonable and necessary assistance to the Government to facilitate and complete the background investigation. To initiate the process for a background investigation, the healthcare worker shall report to the Contracting Officer's Representative (COR) for specific MTF processing instructions, complete the appropriate portion of the SF 86, and obtain fingerprints for submittal to the Office of Personnel Management (OPM). Healthcare workers who have previously received a background check must provide proof of the check or obtain a new one.

(b) Government Responsibilities: The Government will conduct criminal background checks on all healthcare workers providing child care services under this contract based on fingerprints obtained by a Government law enforcement office (e.g., local, state, federal, etc.) and a completed SF 86 form (Questionnaire for Public Trust Positions). The Technical Liaison will identify the appropriate DoD Component for billing purposes and the appropriate security point of contact and/or installation commander who will receive the background results.

(c) Miscellaneous Provisions: The Healthcare worker has the right to obtain a copy of any background check pertaining to them and to challenge the accuracy and completeness of the information contained in the report. A background check that provides adverse information that is unable to be mitigated or resolved and ultimately prevents the healthcare worker from performing contract duties will result in contract termination. With written recommendation from the Commander, and the approval of the Contracting Officer, a healthcare worker with a background investigation pending completion may be permitted to perform work under this contract prior to the completion of the background check, provided the healthcare worker is within sight and continuous supervision of an individual with a successful background check.

(d) Unless HCW have a current security clearance, prospective employees shall be required to complete the Tier-3 level Background Investigation, which includes a Local Background Records Check, SF-86 Security Questionnaire (via E-QIP), and finger prints obtained upon arrival. \*\*If the final adjudication is found unfavorable, CAC card will be revoked and access to IT systems shall be terminated immediately\*\*.

#### CRIME CONTROL ACT OF 1990 REQUIREMENT

(a) Section 21 of the Crime Control Act of 1990, 42 U.S.C. 13041, as amended by section 1094 of Public Law 102-190, requires every facility operated by the Federal Government (or operated under contract with the Federal Government) that hires (or contracts to hire) individuals involved in the provision of child care services to assure that all existing and newly hired employees undergo a criminal background check. The term “child care services” is defined to include health and mental health care.

**(b) The Government will conduct criminal background checks on the Contractor providing child care services under this contract based on fingerprints of the Contractor obtained by a Government law enforcement officer and inquiries conducted through the Federal Bureau of Investigation (FBI) and State criminal history repositories.**

(c) Within 30 days after contract award, the Contractor shall provide all reasonable and necessary assistance to the Government, including compliance with the employment application requirements set forth in 42 U.S.C. 1304(d). Upon receipt of the results of a background check, the Contractor further agrees to undertake a personnel action in accordance with 42 U.S.C. 1304(c), when appropriate.

(d) The Contractor shall have the right to obtain a copy of any background check pertaining to itself and to challenge the accuracy and completeness of the information contained in the report.

#### INFORMATION TECHNOLOGY/SENSITIVE INFORMATION SECURITY REQUIREMENTS

(a) Contractor personnel shall meet the personnel security requirements for Sensitive and Information Technology (IT) positions outlined in Secretary of Navy (SECNAV) Manual M-5510.30 and SECNAV Instruction 5510.30 (most current version). Department of Navy (DON) IT positions include any position in which the incumbent has access to DON IT systems and/or performs IT-related duties with varying degrees of independence, privilege and/or ability to access and/or impact sensitive data and information. Use of CHCS and/or AHLTA is illustrative examples of such systems where security requirements apply.

(b) The same level of trustworthiness is required for contractor personnel as is required for Government personnel requiring similar access to and/or processing of proprietary data, information requiring protection under the Privacy Act of 1974, sensitive information, and Government-developed privileged information involving award of contracts; including user level access to DON or DOD networks and information systems, system security and network defense systems, or to system resources providing visual access and/or ability to input, delete or otherwise manipulate sensitive information without controls to identify and deny sensitive information. As such positions filled under this contract are designated as Non-Critical Sensitive (NCS), and IT-II.

(c) U.S. citizenship is a basic condition for assignment to a designated sensitive IT position. U.S. citizens who are also dual citizens are not specifically excluded from occupying either sensitive or designated IT positions, however, a dual citizenship status raises foreign influence and foreign preference concerns that will most likely prohibit interim assignment pending favorable investigation and adjudication of these issues. Eligibility will not be established for persons who hold a foreign passport. The U.S. citizen reference in the aforementioned regulation(s) make no distinction between those who are U.S. citizens by birth, those who are U.S. nationals, and those who have derived U.S. citizenship or those who acquired it through naturalization. Additional information on U.S. citizenship requirements is contained within SECNAV Manual M-5110.30 and SECNAV Instruction 5510.30. MTF security personnel must validate citizenship of individuals before submitting initial personnel security investigation requests.

- (d) The investigative basis for assignment to a designated NCS/IT-II position is a favorably completed and adjudicated National Agency Check with Local Agency and Credit Checks (NACLC) for contractor employees.
- (e) Personnel background investigations and training must be initiated and interim approval/temporary access be granted before access to DOD and DON IT systems/networks or DOD and DON sensitive information is allowed.
- (f) Contractor personnel shall report to the COR to receive MTF specific processing instructions to complete the appropriate personnel security questionnaire, complete and submit the appropriate paperwork for the background investigation or provide proof of a favorable adjudication, and receive requisite training. A copy of the temporary access approval shall be provided to the COR upon receipt by the contract employee.
- (g) The Navy manual and instruction referenced in paragraph 1.2.1 leave open the possibility of a waiver to the policies described herein. See M-5510.30, Chapter 1-10. However, neither the contracting officer nor the Commanding Officer of the MTF is authorized to grant such a waiver. All waiver requests must be forwarded to, and approved by, the Chief of Naval Operations (N09N2). In the event that the contractor wishes to pursue this course of action, it shall contact the COR of the MTF for the proper administrative procedures. The Commanding Officer of the MTF, or designee, shall decide if an individual waiver request will be submitted to the CNO. The mutual understanding of the parties is that waiver requests are rarely, if ever, granted, and further that delays in the processing of, or the failure of the Navy to act favorably on, such a request does not excuse the contractor from performance under this contract.

Measures to be taken to identify drug offenses on military installations, and to prevent introduction of illegal drugs and paraphernalia, include routine random inspection of vehicles while entering or leaving with drug detection dogs when available, and random inspection of personal possessions on entry or exit if there is probable cause to believe that a health care worker has been engaged in use, possession, or trafficking of drugs, the health care worker may be detained for a limited period of time until he or she can be removed from the installation or turned over to local law enforcement personnel having jurisdiction. When illegal drugs are discovered in the course of an inspection or search of a vehicle operated by the health care worker, the health care worker and vehicle may be detained for a reasonable period of time necessary to surrender the individual and vehicle to appropriate civil law enforcement personnel. SUPTXT204-9400(1-17)

THE FOLLOWING NAVSUP LOCAL TEXT IS HEREBY MADE PART OF THE STATEMENT OF WORK/PERFORMANCE WORK STATEMENT.

Note: The following A204-9400(1-17) does not apply to non-United States citizens who are contractor employees performing work overseas. The text is applicable to United States citizens living overseas who are performing work on a Navy contract.

**Contractor Unclassified Access to Federally Controlled Facilities, Sensitive Information, Information Technology (IT) Systems or Protected Health Information**

Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The Deputy Secretary of Defense Directive-Type Memorandum (DTM) 08-006 – “DoD Implementation of Homeland Security Presidential Directive – 12 (HSPD-12)” dated November 26, 2008 (or its subsequent DoD instruction) directs implementation of HSPD-12. This clause is in accordance with HSPD-12 and its implementing directives.

**APPLICABILITY**

This text applies to contractor employees requiring physical access to any area of a federally controlled base, facility or activity and/or requiring access to a DoN or DoD computer/network/system to perform certain unclassified sensitive duties. This clause also applies to contractor employees who access Privacy Act and Protected Health Information, provide support associated with fiduciary duties, or perform duties that have been identified as National Security Position, as advised by the command security manager. It is the responsibility of the responsible security officer of the command/facility where the work is performed to ensure compliance.

Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

**ACCESS TO FEDERAL FACILITIES**

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager upon arrival to the Command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

**ACCESS TO DOD IT SYSTEMS**

In accordance with SECNAV M-5510.30, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions

which require access to information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity's Command Information Assurance Manager.

Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) or T5 or T5R equivalent investigation, which is a higher level investigation than the National Agency Check with Law and Credit (NACLC)/T3/T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy Command's Security Manager and Information Assurance Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR shall sign the SAAR-N as the "supervisor".

The SAAR-N shall be forwarded to the Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

## **INTERIM ACCESS**

The Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

## **DENIAL OR TERMINATION OF ACCESS**

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

## **CONTRACTOR'S SECURITY REPRESENTATIVE**

The contractor shall designate an employee to serve as the Contractor's Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor's Security Representative. The Contractor's Security Representative shall be the primary point of contact on any security matter. The Contractor's Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

#### **BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES**

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Contractor employees under this contract are recognized as Non-Critical Sensitive [ADP/IT-II] positions when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLC or T3 or T3R equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The investigation consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than 10 years) throughout the contract performance period. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the Command's Security Manager upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's Information Assurance Manager. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the Command Security Manager. The Command's Security Manager will review the submitted documentation for completeness prior to submitting it to the Office of Personnel Management (OPM); Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The Command's Security Manager will forward the required forms to OPM for

processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Authorization Request (VAR) via the Joint Personnel Adjudication System (JPAS) or a hard copy VAR directly from the contractor's Security Representative. Although the contractor will take JPAS "Owning" role over the contractor employee, the Command will take JPAS "Servicing" role over the contractor employee during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT Position Category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

#### **BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES**

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc. ...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a US citizen or a US permanent resident with a minimum of 3 years legal residency in the United States (as required by The Deputy Secretary of Defense DTM 08-006 or its subsequent DoD instruction) and
- Must have a favorably completed National Agency Check with Written Inquiries (NACI) or T1 investigation equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the Contractor's Security Representative must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed National Agency Check with Written Inquiries (NACI) or T1 equivalent investigation, or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM

Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

\* Consult with your Command Security Manager and Information Assurance Manager for local policy when IT-III (non-sensitive) access is required for non-US citizens outside the United States.
